Council Asks Govt. to Establish Road in City

A regular meeting of the City Council was held in the Council Chamber on Tuesday evening, with all members present.

After adoption of the minutes letters were read from J. D. Robertson, Deputy Minister of the Provincial Dept. of Public Works, re the relief work for unemployment and graveling of the main highway. The Clerk will write the Deputy Minister of Public Works and enquire how soon they would definitely establish the main highway through Wetaskiwin so that the work might assist the unemployed.

City Solicitor was instructed to secure a clear title for B. D. Anderson on the acreage sold by the City to him.

The matter of exchanging a lot of re-imbursing R. M. Angus was left to the Finance Committee.

The City Solicitor was instructed to write the different parties occupying City property that unless regular payments equivalent to rent are made action will be proceeded with. The demand made by the Sacred Heart S.D. of \$2,000 for 1931 was received and the Assessor was instructed to levy accordingly.

Correspondence received from the Attorney General regarding the polling of the City was received and filed.

Discussion took place as to the assessing of the Calgary Power Company for the current year, and the Assessor was instructed to see that the assessment on all their property was properly carried out.

Mr. Zinkas, City Engineer, was present and discussed the sewer question at the Driford Hotel and the construction of further concrete walks this season. Ald. Scott quoted new prices that he had received from Mr. Sorenson showing a reduction from last year.

The petition received from Andy Ebbke and R. A. Sorenson for a concrete sidewalk was referred to the Public Works committee, to bring in a report.

A building permit was granted to A. L. Yates for the erection of a garage on his house property.

Matter of appointing a caretaker for the Cemetery was left to the Parks Committee to engage a man on a monthly basis at the rate of \$60 a month.

F. Kingzett's resignation as Chief of Police was accepted with regret. He will be paid his full salary to the end of April and an additional \$20 towards his uniform.

A. L. McIlhenny was engaged temporarily at \$4.00 per day to take over the Chief of Police duties in the meantime.

The City Clerk was instructed to write a testimonial for Mr. F. Kingzett and the Mayor and City Clerk will endorse the same.

Accounts were passed for payment amounting to \$410.68.

Ald. Scott was instructed to employ Chas. Bowie to repair the buildings and put the Auto Cam in good shape. The Council authorized the second week of May to be clean-up week and advertisements will be inserted in The Times.

Ald. McAllister was requested to look out for a new location for the nuisance ground and to bring in a report.

The Mayor and City Clerk was authorized to sign the agreement between the City and Cecil H. Murphy for the purchase of the City team at \$250 and the carrying out of the requirements of the Public Works Department at a salary of \$110 per month.

Bylaw 705 appointing a Registrar was read three times and finally passed.

Bylaw 706 authorizing the sale of lots to the Nazarene Church was read three times and finally passed.

Bylaw 707 authorizing the sale of lots to J. N. Schreiffels was read three times and passed.

The meeting adjourned.

ROAD MAINTENANCE PATROLS ORGANIZED

Edmonton, April 24. — Between 75 and 100 motor patrols equipped with their own power and graders, will aid in maintaining Alberta's main highways system this season, according to Hon. C. L. McPherson, Minister of Public Works. Each machine, with one man operating will be responsible for about 25 miles of road. In some parts of the province, notably in the northern section, the patrols are equipped with caterpillar treads and separate graders for dirt sections. Other patrols are fitted with rubber tires and scarifiers. During the winter all machines used last year were completely overhauled at the three provincial workshops.

RESIDENCE DESTROYED BY FIRE FRIDAY MORNING

A residence in the western portion of Wetaskiwin, owned by O. A. Cunningham, was completely destroyed by fire shortly after three o'clock on Friday morning last. The cause is unknown, as the premises had been vacant for some time, but a tenant was moving in that day. The fire was spectacular, as the flames could be seen for some distance. The fire was so far advanced when the brigade arrived that nothing could be saved, and their efforts were exerted in saving the surrounding buildings. The loss is estimated at \$2,000 with \$1,500 insurance.

Weddings

MURROW-BOLT

A quiet wedding was solemnized in Los Angeles, Cal., on April 4th, when Alice E. Bolt, of Los Angeles, daughter of Mr. and Mrs. E. W. Bolt, of Wetaskiwin, was united in marriage to J. A. Murrow, of the Associated Grange No. 2839 and 1776, and L.O.B.A.'s 753 and 792 (Camrose and Wetaskiwin). The ceremony was performed by Rev. J. G. Kennedy, pastor of the Presbyterian church at York & Eagle Rock Bldgs. The bride was charming in orchid tulle, embellished with white garlands. She was attended by her sister, Mrs. N. C. Simpson, and the groom was supported by Mr. Simpson. Mr. and Mrs. Murrow will make their home in Los Angeles, Cal.

ORANGE CELEBRATION TO BE HELD HERE JULY 13TH

A big Twelfth of July Celebration will be held in Wetaskiwin on Monday, July 13th, under supervision of L.O.B.A.'s 2839 and 1776, and L.O.B.A.'s 753 and 792 (Camrose and Wetaskiwin). There will be a big parade at 11 a.m. to the Athletic park. Dinner, hot dogs, refreshments, etc., will be served at the grounds. Several speakers will be present and a sports program, including a variety of races and contests, with prizes for all winners, also novelty acts, will be run off. Baseball will be played through out the afternoon and a horse tournament will also take place. A band will be in attendance. Prizes for the best uniform and marching L.O.L. and L.O.B.A. will be given. Admission to grounds, 25c. The big day will be concluded with a dance in the ball hall in the evening. Good food, Snappy music. Each dance ticket holder will have a free glass on three prizes to be given away at the dance. Dance tickets, 50c each. A cordial welcome is extended to all to attend this celebration.

RED DEER BOARD OF TRADE SEEKS MILK INDUSTRY

Red Deer, April 23.—With four and a half million pounds of butter produced in the area of central Alberta within a 40-mile radius of Red Deer in one year the board of trade here feel that they have a very convincing argument to induce a condensed milk concern to consider the centre as a prospective plant site. The information was given the board at their monthly meeting held here on Monday night. President W. J. Botsford, presiding, when C. W. Hansen, creamery manager here, spoke briefly on the dairy business in this district.

The country immediately around Red Deer is fast becoming one of the best dairy districts in the west, with the farmers paying more attention to the dairy industry every year. Full statistics about milk and butter production of the present time will be secured this week to assist the board of trade in the effort to keep the evaporated milk company interested.

WILL CONTINUE GIVING VACCINE FREE OF CHARGE

Edmonton, April 25.—In its efforts to combat contagious diseases such as smallpox and diphtheria the Department of Health will continue its policy of supplying vaccine free of charge to municipalities, leaving to them the responsibility of completing arrangements with parents for inoculating children of school and pre-school ages, according to Dr. M. R. Bow, Deputy Minister of Health. It will devolve upon the municipality to arrange for remuneration for doctors and whether it be on an annual set fee or on the basis of a fee for each inoculation.

Dr. Bow expressed himself as being well satisfied with results of this policy to date in the districts where it has been made effective and it was aimed to make the policy effective throughout the province.

Production of newspaper paper in Canada in 1930 totalled about 2,500,000 tons, a production considerably greater than that of any other country.

The next session of congress will probably see restriction of immigration from Canada to about 4,000 annually.

Town Topics

E. D. H. Wilkins is having his residence on Thistle street reshingled.

The friends of D. MacEachern are pleased to see him around again after a brief illness.

Mrs. L. B. Graham and Allen of Edmonton, are in the city visiting relatives and friends.

The Hospital Ladies' Aid will meet in the nurses' lounge room on Tuesday, May 5th, at 4 o'clock.

T. Fletcher of the Wetaskiwin High School staff, is confined to his home this week with an attack of the flu.

Corporal Collett gives final warning that all motor drivers must have their 1931 licenses on or before May 1st.

The friends of Mrs. James Smee will be glad to know that she has quite recovered from her recent operation.

Mrs. H. A. Gray of Edmonton, was a guest at a meeting of the W.A., held at the Vicarage on Wednesday afternoon.

The next meeting of the I.O.E. will be held at the home of Mrs. F. L. Greiner on Tuesday evening, May 5th, at 8 o'clock.

The Scandinavian Hospital Aid will meet at the home of Mrs. Berge on Tuesday, May 5th, at 3:30 p.m. Everybody welcome.

B. W. Bellamy was at Calgary over the weekend, attending a meeting of the provincial executive of the Amateur Athletic Association.

Several Oddfellows of Wetaskiwin Lodge No. 8 went to Edmonton on Sunday last, where they joined in the commemoration of the 121st anniversary.

Messrs. Hayhurst and Sorenson of Vegreville, were in Wetaskiwin on Saturday last, when the former was shaking hands with his many political friends.

Rev. E. L. W. Vicar of Westlock was a guest at the vicarage over the weekend. Mr. Williams assisted with the service in Immanuel Church on Sunday morning.

At a meeting of the congregation of the First United Church on Wednesday evening, Rev. A. R. Schrag of Three Hills, was chosen as minister to succeed Rev. A. L. Elliott.

Rev. J. W. Smith of Blairmore conducted the services in the First United Church on Sunday last. During his sojourn in Wetaskiwin he was a guest at the home of Mr. and Mrs. V. C. French.

Attention is directed to the advertisement of the United Sales Company appearing elsewhere in this issue. They are handling stocks which were purchased at a very low price and the manager of this firm informs the Times that some real bargains will be offered during their short stay in Wetaskiwin.

A most enjoyable time was spent by Crescent Rebekah Lodge on Tuesday evening of this week, the occasion being the official visit of Sister Goodman, District Deputy President, and other officers and members from Ponoka Lodge. The degree was exemplified, and refreshments were served.

The last business meeting of the A.Y.P.A. for the season, was held in the Driford Committee room on Tuesday evening. Mr. Jack Ellison was elected treasurer, a vacancy caused through Miss Elsie Davies leaving the city. It was decided at this meeting to hold an open air meeting each month during the summer, the May meeting to be held on Tuesday next taking the form of a hike and bonfire.

The social meeting of the Wetaskiwin Business Girls' Club was held on Wednesday evening, April 22, in the Driford Hotel club rooms. The hostesses for the evening were Miss M. Johnson, Miss P. McPherson and Miss M. Spencer. Honors at bridge were won by Miss Gladys Asp and Miss B. Abbott. The business meeting of the club will be held Monday, May 4th, at 8:30 o'clock, instead of Wednesday, May 6th.

A business partnership which has created a great deal of interest in Wetaskiwin and community, took place a few days ago when it was learned that W. R. Lowry and S. B. Stolee had leased the premises next to Emmann's Bookstore, and will open a first class store of ladies' and men's furnishings as soon as the premises can be renovated and the stock placed on the shelves. It is the intention of this firm to have a similar store at Camrose. Both Mr. Lowry and Mr. Stolee are well known in the community, and undoubtedly they will make their business venture a very gratifying success.

HON. MR. JUSTICE WALSH MARRIED AT VANCOUVER

Vancouver, April 22.—The wedding of Mrs. Betty Barber and the Honorable Mr. Justice W. L. Walsh took place at high noon today in Christ Church, Cathedral, Vancouver, the Rev. Dean R. J. Renison officiating.

Following the wedding a reception was held. Later in the day Mr. Justice Walsh and Mrs. Walsh left on a honeymoon trip in the coast cities, and are expected to return to Vancouver on May 5, to take up residence in Government House. It is understood that Mr. Justice Walsh is to be the next Lieutenant-Governor of Alberta, in which event Mrs. Walsh will be chaine of Government House.

Obituary

MRS. K. J. BJORKGREN

On Saturday, April 18th, Mrs. Augusta Emma Bjorkgren, wife of the late K. J. Bjorkgren, Wetaskiwin, was called to her heavenly home. She took sick only a few days before and was brought to the local hospital, but nothing could be done to save her life. The cause of death was Bright's disease.

Mrs. Bjorkgren was born in Jonkoping, Sweden, Sept. 3, 1856. In 1886 she graduated from the Elsa Berke School, Stockholm, and then took up a position as a Biblewoman in Norway. The 4th of July, 1891, she was united in marriage to K. J. Bjorkgren (who passed away to his eternal home only seven months ago). They arrived in H.C.A. the same year and came to Wetaskiwin about two years later. Here they took up a homestead in the Malmo district. This homestead is now one of the nicest farms one could wish for, showing that Mr. and Mrs. Bjorkgren have done their share in promoting the welfare of the community. In the Swedish Mission Church, Mrs. Bjorkgren has always been of active membership since its organization, and was chairman of the Ladies' Aid.

The funeral was held on Wednesday, April 22nd, from the Swedish Mission Church, and internment took place in the Malmo cemetery. Rev. A. Wickstrom, assisted by Rev. E. B. Anderson, officiated. The church was filled to capacity by friends and neighbors wishing to pay their last tribute to their beloved friend. The pallbearers were Messrs. C. Blom, S. A. Anderson, A. Nelson, E. Johnson, J. Nelson and A. Johnson.

Beautiful floral tributes were received from the family, Mr. and Mrs. H. Backstrom, Miss Hilmar Bjorkgren, Mr. and Mrs. K. Moesson and family, Mr. and Mrs. P. Moesson, The Malmo congregation, The Malmo Ladies' Aid, The Young People's Society of Malmo, The Mission Friends of Wetaskiwin, Clarence, Judith and Helen Backstrom, Wash, Mr. and Mrs. C. W. Wallin, Mr. and Mrs. L. D. Hanna, Mr. and Mrs. W. Paul, Mr. and Mrs. Chas. A. Johnson, Mr. A. V. Johnson and family, Mr. and Mrs. V. Skarin, Edmonton, Mr. and Mrs. V. Billsten, Hanna, Mrs. J. Hagglund, Bashaw; Mr. and Mrs. G. Nelson, Mr. and Mrs. E. P. Gustafson, Mr. and Mrs. J. Tannis Sr. and Mrs. Gilbert Swenson.

She leaves to mourn her loss six children, namely, Elizabeth (Mrs. Rosengren), Agnes (Mrs. Nelson), Elvira (Mrs. Backstrom), Atlington, Wash., Hilmar, Sylvia and Philip. Also seven grandchildren, two brothers in Malmo, one in Texas, one in France, three in Sweden, and three sisters as well as other relatives and a host of friends in Canada, U.S.A. and Sweden.

C.P.R. GIVES SPECIAL RATES FOR WEEK ENDS

Commencing May 1st and continuing until August 31st, weekend return tickets will be on sale from Friday noon until Sunday noon, and return journey must be started from destination by midnight of Monday following date of sale. The fares being the regular one-way fare and one quarter for the round trip, it is expected that a good number of patrons will take advantage of these exceedingly low fares.

W.C.T.U. PRIZE WINNERS

About two hundred pupils wrote in the recent essay contest put on by the Wetaskiwin Union. The examiners made special mention of the work done in Grade VII. One lady wrote three short stories, and seven prizes given there instead of two. The following are the prizewinners:

Grade VIII.—1st, Fred Hodson; 2nd, Marjorie Watson.

Grade VII.—1st, Geo. Taylor; 2nd, Billy Beavo.

Grade VI.—1st, Roland Waggar; 2nd, Eleanor Asper.

Grade V.—1st, Evelyn Verstraite; 2nd, Freda Hall.

Watch for prize essays elsewhere in The Times.

Memoirs of Statesman Reviewed at Kiwanis

DELIGHTFUL CONCERT IN AUDIEN THEATRE

A most delightful concert was held in the Audien Theatre on Wednesday evening of last week, those taking part being well-known local residents. In these days of movies, talkies, and "canned theatricals" the promotion of plays in local communities has waned almost to the vanishing point so that, when occasionally, by the enterprise of certain individuals, a program of exceptional merit is carried out, it comes as a pleasant surprise to find the "home-made" article so entertaining as was the case in this particular instance.

Whilst it would be invidious to dilate upon the merit displayed by each individual artist it was the unanimous opinion of those who attended, that the whole program was most refreshingly enjoyable and highly commendable. Those contributing thereto are deserving of much praise for the manner in which they displayed their natural skill and ability, and well worthy of support and encouragement to further efforts along this line. In particular the parts played by the juvenile members in "Freckles" and "The Old Apple Woman" deserve special mention, while the musical numbers were most pleasingly effective.

The program was rendered under the auspices of the choir of the Roman Catholic Church of this city after a period of intensive training and under the instruction of that capable and experienced director—Rev. Fr. Walravens, Parish Priest.

It is to be hoped that another concert of equal standard may be arranged at no great distant future. The program was as follows:

March, Orchestra; "Taking the Census," Mrs. Chas. and Mr. McIlhenny; song, "Old England, Moon, E. Turner and chorus of four; "Freckles," Scene 1. and 2., Helen and Edna Cairns, Helen Leahy and Cecilia Rasmussen; recitation, "Master Lawrence Bourque," trio, "Minnehaha," Y. Bourque, L. Hinchberger and E. Turner; "Stephanie Gavotte," Orchestra; duet, "When You and I were young, Maggie," Yvonne and Evelyn Bourque; "The Old Apple Woman," Scene 1. and 2., Mrs. Gibson, Frank Weller, Cecil McIlhenny; "Adieu, Frim!" Orchestra; "The Mouse Trap," Mrs. T. Bourque, A. Simpson, L. Hinchberger and ladies; Orchestral number; "Mind Your Business," Scene 1. and 2., Mrs. T. Bourque, Miss Y. Bourque, Miss Z. Weller, Mr. A. McIlhenny and ladies; "God Save the King."

ANNIVERSARY FESTIVAL

The Sunbeams' Young People's Society of the Wetaskiwin and Nashville Baptist Churches held their 10th anniversary service in the Scandinavian Baptist Church at Wetaskiwin on Sunday, April 26th, at 2:30 p.m. The church proved too small to accommodate all people who wished to gain entrance.

The church was effectively and beautifully decorated for the occasion, the color scheme being yellow and pale green. The main decoration centred about a sun and its beams. Yellow chrysanthemums lent cheerfulness to the occasion.

The program was in charge of the vice-president, Mr. Regnard Johnson. Scripture was read by Mr. Elmer Carlson, and Miss Ethel Johnson led in prayer. Words of welcome were given by the president, Miss Esther Meyer and the first president, Miss Helen Johnson. Greetings from absent members were read by the secretary, Miss Beth Howes, and the history of the Society was read by Miss Irene Brandt. Rev. P. Meyer honorary president, introduced the speaker, Rev. M. Gregg of Strathcona Baptist Church, who, in his forceful and pleasant manner, delivered a fine message. His message was applicable to young people and was very instructive. The male chorus of the Wetaskiwin German Baptist Church and the Gospel quartette of Strathcona Baptist Church rendered several numbers of fine singing. In closing, the Society sang "He is a Wonderful Saviour to Me." Rev. Wingblad offered the closing prayer.

The afternoon was drawn to a close by the serving of refreshments, the main feature of which was a three-tier birthday cake.

Along the Mexican border soldiers were searching vehicles. One evening a car full of young people was stopped and the usual procedure of examining the bottom of the car was in progress, when one young lady asked "What are you looking for?" "Arms," replied the sergeant. "Why," remarked the flapper, "it's all legs down there."—Club News.

The memoirs of Sir John A. MacDonald, was the subject of a very interesting and educational address given by Kiwanian Chas. H. Russell, at the Kiwanis luncheon on Tuesday evening. The large attendance of members and visitors listened to the address with rapt attention, and the hearty applause at the conclusion of the speaker's remarks expressed their appreciation of the address.

Sir John A. MacDonald was born in Scotland in 1815, and died on June 6th, 1891, being seventy-six years of age. For forty-seven years this eminent statesman was prominent in Canadian affairs, and his life was interwoven in the development of this country. He became a member of Parliament in 1844 at the age of twenty-nine years. From that time until his death he had always been a member of Parliament and with only one exception, he had always been the member for Kingston, Ontario. It might be said that his career was divided into two parts, namely, before and after Confederation, which was passed in the year 1867. He served twenty-three years prior to Confederation, and twenty-four years after that momentous event. He had been prime minister for nineteen years, the longest period of service in that capacity of any prime minister in Canada. The next oldest prime minister in service was Sir Wilfrid Laurier, who had fifteen years to his credit. Sir John A. was one of the most predominant characters who had ever lived in Canada and he possessed a wonderful gift in the handling of men; he knew human nature; was a born leader and had an exceptional gift of personal magnetism. It was stated that he never got a face, and would recall a face and name many years after receiving an introduction.

In 1820, as a small boy, he came to Canada with his father who located at Kingston, where he received only a grammar school education. At the age of fifteen he went into a law office, where he was able to maintain himself and assist his parents. At the age of twenty-one he was called to the bar, and for eight years practiced his profession in Kingston. His achievement in forming Confederation with Ontario and Quebec, and a few years later bringing Nova Scotia and New Brunswick into Confederation, as well as later bringing western Canada into the union, stamps him as one of the greatest statesmen in Canada. He was a Britisher, and believed that the government given by the British was the best for Canada. In 1869 an agreement was made with the Hudson Bay Company in which Canada got possession of the vast area west of the Great-Lakes, with the exception of a few land reservations for his sum of three hundred thousand pounds sterling, thereby preventing the United States from getting western Canada. In 1871 British Columbia entered Confederation on the condition that a trans-continental railway be built linking that province up with eastern Canada. This railway was completed in five years instead of ten as provided for in the agreement. Mr. Russell concluded his interesting address by stating that Sir John did not care for money and spent all the best years of his life in the service of the state, and some years prior to his death, a fund was raised and presented to him. He never made anything out of politics, and died a comparatively poor man.

Mr. Jones, Inspector of the Bank of Montreal, who was a guest of the Club, in his brief remarks, complimented the City of Wetaskiwin on its excellent financial condition stating that it now ranked as one of the best in western Canada in this respect.

A committee consisting of Kiwanians Ross M. Snyder, Frank Abousaffy and W. F. H. Montgomery, was appointed to arrange for the Boy's Camp summer.

Kiwanian Ed. Rasmussen extended an invitation from the Malmo local to hold a meeting at Malmo on the 10th. A program of sports will be held in the afternoon, and supper will be served by the U.F.W.A. This invitation was enthusiastically received.

TECHNICAL KNOWLEDGE

A sweet young visitor was being escorted through the C. P. R. round house the other day by a shop official. "What is this enormous thing," she asked.

"That," explained the guide, "is a locomotive boiler."

"And why do they boil locomotives?" she insisted.

"To make the engine tender," the guide replied.

There are 21 cables across the Atlantic Ocean.

ALBERTA M.P.'S CREATE TENSE INCIDENT AT OTTAWA

Ottawa, April 23.—Having cleared its decks for the real progress of the session, parliament today will begin stripping the order paper of an accumulation of business that has been collecting since opening day.

One of the largest number of questions ever on the order paper—235, will be dealt with by the government and then notices of motion, calling for production of papers, will receive attention.

Amid tumultuous scenes, not the least of which was the near naming of eleven members of the house, the government yesterday survived its first major division of the session. It was a whirlwind finish to the debate on the address in reply to the speech from the throne.

In three divisions the house passed the main government motion and rejected two amendments, one moved by Rt. Hon. Mackenzie King, Liberal leader, and the other by Robert Gardiner, U.F.A. leader.

Not in the memory of the oldest parliamentarian was there a precedent for the tense incident that attended the recording of the vote on the King amendment. Eleven members, including Miss Agnes MacPhail, the only woman member, all in the so-called "ginger group," refused to vote either for or against the motion. At one stage Mr. Speaker Black was on the point of having them retired from the chamber by the sergeant-at-arms.

It would have been tantamount to return to their seats until the house had decided what penalty in the form of enforced absence, would have been meted out to them.

Under the rules of the house a member must vote if he be in his seat when the motion is read in vote. Each of the eleven members refused to turn in vote, being under the impression they were acting within their rights.

After several minutes of tense excitement, with both Conservative and Liberal members pressing the speaker to force them to vote, the incident ended. Under representations from both Premier R. B. Bennett and Rt. Hon. Mackenzie King, eleven were permitted to absent themselves temporarily from the chamber while the result of the vote was announced. This satisfied the rules of the house.

The members concerned were: Robert Gardiner (U. F. A., Acadia); Henri Bourassa (Ind., LaBelle); A. M. Carmichael (Prog., Kinross); William Irvine (U. F. A., Wetaskiwin); D. M. Kennedy (U. F. A., Peace River); E. J. Garland (U. F. A., Bow River); Miss Agnes MacPhail (Prog., Southeast Grey); M. N. Campbell (Prog., McLeod); H. E. Spencer (U. F. A., Battle River); Michael Luckovich (U. F. A., Vegreville); and G. G. Coote (U. F. A., Macleod).

Edmonton, April 24.—Adoption of a "Book on General Science," written by M. J. Hilton, of the staff of the Edmonton Technical School, for use in the high schools of both Alberta and British Columbia, to start in the Autumn of this year, was announced Thursday by Hon. Perren Baker, Minister of Education. This is the first complete manual on general science ever written in the Dominion.

HEADACHES

Ended by Kruschen

"I was a martyr to headaches, with frequent attacks of dizziness affecting my vision. My occupation is a very sedentary one—a printer's reader. I gave Kruschen Salts a good trial, and from then onwards I seemed quite another person. The headaches disappeared and the dizziness ceased. The most wonderful thing to me is that I have gone back to weaker glasses, a fact which I had directed some years ago as not being strong enough. I also suffered from bad circulation during the early mornings of winter. Now at 59 I can enjoy cold baths all the year round, enjoy and am eager for my food, and am what I consider very fit—the sort of fitness that makes living a joy." (G. F.)

Headaches can nearly always be traced to a disordered stomach or to partial constipation—a complaint many indoor workers suffer from without ever suspecting it. Kruschen Salts go right down to the root of the trouble and remove the cause by gently perspiring the organs of elimination to function exactly as Nature intended they should.

ESSAYS OF PARLIAMENT

(By Thomas Wavling)

Ottawa, April 23.—In bygone days economic depression throughout Canada did not affect the public services to any great extent, and the great Civil Service of the country continued on in the ordinary way; its activities curtailed somewhat, but salaries and positions were unaffected.

This year, however, the situation is serious. The national revenue is down \$100,000,000 and expenditures have increased. Two ways lay open to the government to make both ends meet; by rigid economy and by increased taxation. The Main Estimates tabled this week indicate the economies and the Budget which will soon be down will break the news as to the increased taxation.

No government on earth could avoid the present depression, and both economy and taxation increases were inevitable. In Parliament however, Government and Opposition forces will fight the issue out.

The Main Estimates are about \$38,000,000 under last year, which means at least \$45,000,000 additional revenue must be found.

For once the additional expenditures such as the \$20,000,000 for unemployment and other emergency and special expenses. Unfortunately the savings in the Estimates are largely at the expense of the people employed in public services. For once the Civil Service suffers severely.

In the Interior Department alone, about 4406 positions have been abolished, due largely to the transfer of the Natural Resources to the Western Provinces. About \$48,000 less will be paid in salaries than heretofore. Efforts have been made to absorb the Civil Service's new unemployed into other departments, but with little success. This has been opposed by the Civil Servants in some of those departments who fear the absorption may interfere with their promotion; a selfish viewpoint, but a human one.

The Main Estimates are made up from data supplied by the various Departments of the Government, who estimate their financial requirements for the year ending March 31, 1932.

All Deputy Ministers were instructed to exercise rigid economy and have had to cut the cost according to the cloth. The total of the Estimates this year is \$386,494,408, as compared with \$423,723,163 last year.

The most drastic cut is made in the vote for the Air Mail Routes. Canada's vast distances make the air mail and passenger service of great importance, and had these routes been allowed to develop logically it would have brought eastern and western Canada a day to three days' journey nearer. It would have been possible by next year for an Ontario resident to visit his son in Alberta, spend several days and get back home by the following week-end. The vote however, has been cut from \$900,700 to \$100,000.

The Solicitor General, (Hon. Maurice Dupre, Quebec West) was to have delivered a speech on the Tuesday before the recess. Advance copies were sent to several Conservative newspapers in Quebec. On Tuesday however, the Prime Minister was busy with Bennett and Mr. Dupre could not get the floor. He forgot to notify the newspapers who had his speech, and they published it. The joke came when they were found to have interlarded it with "Applause," "Loud Applause," etc. Major Power in mock seriousness, demanded the privileges of the House be upheld. This was a false report of the proceedings and he was re-elected a law of 1890 to emphasize his point.

Hon. W. R. Motherwell, ex-minister of agriculture, spoke on the present condition of the industry and asserted that in as much as the Government had fixed wheat prices when they went high, they should not demure from passing the price when they got too low. He also saw in the rejection of the Russian offer and the embargo on Russian goods, a possibility of Russia's flooding European markets next fall, just as the Canadian crop was being marketed, with disastrous results to the Canadian farmer. Such a reprisal might well be expected of Russia.

The House and Senate carried on business in a rather perfunctory manner on Tuesday, this being Miss Bennett's wedding day. The Prime Minister and the Leader of the Opposition were at the wedding and many of the members left the chamber to accompany their wives and daughters to the wedding reception which took place at the Château Laurier at 4 o'clock in the afternoon.

Major Hgbridge, M.C., D.S.O., the groom, is Canada's new Minister to Washington. Both bride and groom are likeable and popular and as they are quite wealthy, they have everything that could be wished for. The day was a perfect bride's day, with brilliant sunshine.

There is gossip now on Parliament Hill that inasmuch as the Prime Minister has lost his sister and has no longer a hostess, he will himself marry very shortly. His name is being coupled with that of a lady who has been seen much around with Miss Bennett of late and has been a close personal friend of the Prime Minister for some years. It is said that the announcement will be made two weeks hence. This of course is by way of gossip, but Parliament Hill

POISON in Your bowels!

Poisons absorbed into the system from seeping waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help-themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

DR. W. B. CALDWELL'S SYRUP PEPSIN A Doctor's Family Laxative

4,205 DEPORTED FROM DOMINION IN SINGLE YEAR

Ottawa, April 23.—A total of 4,205 people were deported from Canada during the year 1930. It was stated in the House of Commons Wednesday by Hon. W. A. Gordon, Minister of Immigration, in answer to a series of questions by H. E. Spencer (U.F.A., Battle River).

Mr. Gordon stated that 2,864 of the total number were deported to the British Isles, 168 to Poland, 112 to Germany, 237 to the United States, and the remainder were divided among various European countries, New Zealand, Newfoundland, China, Japan, and so forth.

LOUGHEED DRIVER KILLED

Lougheed, Alta., April 24.—T. S. Gerard, well-known Lougheed resident and village councillor died on Thursday night as the result of a car accident. He was driving with two passengers along the road south of Sedgewick when a wheel came off the car causing it to turn over twice. Mr. Gerard was badly crushed about the chest and did not regain consciousness.

not all politics and public business. There are many ladies down with their husbands and the social season is in full swing.

Heart and Nerves

So Bad Was Unable To Sleep For Hours

Miss Theresa M. Ravary, Gillingtown, Ont., writes—"I was troubled, for almost a year, with my heart and nerves, especially on retiring at night when I would be unable to sleep for hours. I was easily fatigued, and became very irritable and irritable."

"A friend recommended Milburn's Heart and Nerve Pills and after taking them for a few weeks I could enjoy a good night's rest, and rapidly regained my former state of health."

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

INCOME TAXATION RULING EXPLAINED

Unless a farmer or rancher has had a taxable income during the year, there is no need of making an income tax return on form T 1A, according to information given by C. S. Kilgour, inspector in charge of the Edmonton district. Other returns must be in by April 30.

The inspector also points out that the act provides that there shall be assessed, levied and paid upon the income during the preceding year of every person, a tax at the rates set down in the first schedule of the act. The exemptions are as follows:

"Three thousand dollars in the case of a married person or householder or any other person who has dependent upon him any of the following persons:

(I) A parent or grandparent.

(II) A daughter or sister.

(III) A son or brother under 21 years of age or incapable of self-support on account of mental or physical infirmity.

"Fifteen hundred dollars in the case of other persons, and

"Five hundred dollars for each child under 21 years of age who is dependent upon the taxpayer for support; or if 21 years of age or over, is incapable of self-support on account of mental or physical infirmity."

"Where a husband and wife have each a separate income in excess of \$1,500, each shall receive an exemption of \$1,500 in lieu of the exemption set forth in the above paragraph."

"The exemption for any dependent child may be taken by either parent under arrangement between themselves; and in the event of any dispute arising between themselves the said exemption shall be allowed to the father of the said child."

SUBSCRIPTIONS TO CREDIT CORPORATION

Agricultural Credit Corporation of Canada, Limited, which will aid prairie farmers to go into mixed farming, has secured subscriptions amounting to some \$3,000,000, and will "function at a not distant date."

This was the information given by Mr. Vallance (Liberal, South Battleford) in the House of Commons Thursday, by Premier Bennett. Mr. Bennett made it plain that the corporation was created by private enterprise and not through governmental action. The information he gave Mr. Vallance, said the premier, had been given him verbally recently.

Alberta will be paid \$500,000 in interest annually for three years, effective this year, on the \$10,000,000 school land trust fund which is to be turned over eventually to this province by the Dominion.

you'll find that Kellogg's Corn Flakes are ideal for the children's supper. Whole-some. Easy to digest. Packed with flavor and crispness! Millions of mothers prefer

crisp Kellogg's every day.

BAWL PIONEER IS CALLED BY DEATH

The Bawlf Community was again saddened with passing to the Great Beyond of Mr. W. F. McIlveen, which occurred last Thursday morning, April 10th, at the Daysland hospital, where Mr. McIlveen had been a patient for some time. The immediate cause of death was heart failure.

For years Mr. McIlveen was one of the Bawlf local cattle buyers and also a pioneer farmer in this district. He was one of the early settlers in the Province since 1901. For several years he was a grain buyer at one of the

local elevators in Bawlf, and was known among all as a trustworthy reliable and successful business man. He was a member of Coal Lodge, A. F. & A. M., and faithfully attended until his sickness made it no longer possible.—Community Press.

A. P. Stretton of Calgary, an employee of the A. P. Grain company, won the \$500 prize for a slogan for the World Grain Exhibition at Regina next year, with "Show What You Grow and Share What You Know." There were more than 13,000 proposed slogans submitted from all sections of North America.

THE SPIRIT OF 1807...

BOTTLED SCOTLAND

In 1812, when McCallum's was five years old, the first crude Red River carts were seen on the plains of Manitoba. For years Mr. McCallum's early and daring colonization scheme, McCallum's, growing as Canada's west has grown, has gained the good will of millions. Blended, aged-in-the-wood and BOTTLED in Scotland, it is proclaimed Perfection, wherever the amenities of civilization have spread. Sold only in 26 1/2 oz. and 40 oz. bottles.

Neighborhood NEWS

BITTERN LAKE

Mr. R. J. Daley of Edmonton, arrived here on Tuesday on business. We understand that the Daley Bros. and Mr. Morita are to farm the Rosedale Ranch on a 50-50 basis this year.

Thousands of ducks and geese have been feeding on the farmers' fields and making the lake their sleeping quarters, the lake being clear of ice now.

Clayton Gouches, who has been spending the winter at home, has left to resume his duties with the B.R. gang, where he has held a position for several summers, and is at present stationed near Millet.

Ross Daley left by team for Daysland on Friday morning, to bring back a load of farm implements.

E. Bush has rented his farm to G. Holmstrom, and intends to leave for the north country in a week or so.

F. Birchell of Edmonton, spent the week-end with his wife here.

What might have proved a serious accident, happened on Thursday evening, when Ewald Elgert's horses got

frightened and ran away with the wagon gear causing Ewald to fall off, the wheel passing over his ankle.

The Alberta Government Telephone gang are unloading a car of poles here this week. They are moving the telephone line to follow the highway.

E. D. Campbell of Camrose, was in the district on Monday, buying horses.

NEW NORWAY WEST

Mrs. Cecil Treleven has been laid up with a severe sprained ankle for the past two weeks, and is just able to be about again.

Miss Ruby Larson, who has been a patient in a Calgary sanitarium for the past seven months, returned to her home west of New Norway last Thursday. Her friends are glad she has recovered from her illness.

Miss Jewell Campbell, who attends High School at Fernintosh, spent the week-end with her parents, Mr. and Mrs. O. D. Campbell.

Miss Effie Goosge of Stettler, spent the week-end with her parents here.

Miss Baird and Miss Elmer Oistad, the New Norway teachers, spent the week-end at Camrose with friends.

Mr. Russell inspected the New Norway school on Tuesday.

Mr. and Mrs. Joe Oistad and children of Wetaskiwin, and Mr. and Mrs. Melvin Oistad and daughter Joyce of

Bon Accord, spent Sunday with their parents, Mr. and Mrs. Oistad, Sr. of New Norway.

Mr. and Mrs. Chas. Kolb of Wetaskiwin, were guests of Mr. and Mrs. J. P. Beller on Sunday, and Gustav Meyers accompanied them home for a visit.

Mr. and Mrs. Frank Bartlett, Mrs. Bert Butler and baby, and Mrs. Lindgren of Fernintosh, spent several days last week in Edmonton visiting.

Miss Martha Hamilton returned home last week from Vancouver where she has spent the past winter months visiting with her sister.

Mrs. Sherbeck returned to Edmonton last week, after visiting several days at the Matt Johnson home.

Mrs. Mada Richards and family moved last week from the Haultain district on to the Erick Johnson farm near Gwynne.

Mr. Watson, who was employed by the P. Burns Creamery at New Norway for a short time, has moved his furniture to Millet this week, where he is employed by the Farmers' Creamery at that place.

Mrs. O. Ramsey, Sr., of Camrose spent Sunday with her brother, Lars Oistad.

The Sunshine Club of the Haultain district surprised Mrs. Olgren last Saturday, the occasion being her birthday.

An infant son, Donald, arrived on April 28th, to gladden the A. Thorsell home.

The M. Hamola family have moved from Main Street into the Ramsey residence.

Mr. and Mrs. C. Ashtin and daughter Bernice, spent the week-end with friends and relatives at Mannville.

WINFIELD

Several new families have settled in this vicinity recently. Some have gone to Pandory and some to Buck Lake. But our own school is over crowded already, the teacher being obliged to send home three new would-be pupils, until accommodation could be provided for them.

The teachers for Maywood and Pandory School Districts have arrived to take up their respective positions, these being summer schools.

Mrs. Fraser of Pandory, returns on Monday from Massachusetts where she spent the winter with her daughters.

We are glad to see little Norma and Glen Gibbons playing around again after having been ill for a few days.

Messrs. Kluczy and Day and Raymond Shamp, each took a load of wheat to the Wetaskiwin mill last week, to be ground into flour, etc.

Miss Ethel Linton returned from a visit to her parents at Buck Lake. Messrs. Long, J. Engblom and J. Anderson of Pandory, a motorcade through here on their way to outside points one day last week.

Mr. and Mrs. A. B. Alwood returned from Edmonton Saturday.

Mrs. Skogman arrived last week from Dinant, to visit relatives here.

Mr. Philip Glinther reports the loss of a horse and another sick. This is no small thing in the midst of spring work.

A meeting of the Board of Trustees for this School District took place Thursday evening at the home of the chairman, Mr. Woodbridge.

The nurse from the Department of Health is in the vicinity examining the pupils of various schools, before the coming of the clinic.

Mrs. Bernard, Mrs. Tait and Geo. Stady motored to Wetaskiwin on Saturday.

The fires which have been raging in this vicinity recently, are still burning, several men having been called out to fight them.

The fine weather on Sunday tempted many residents of Winfield and district to wander far afield. Mr. and Mrs. Clarke and daughter, accompanied by Mr. and Mrs. Englund motored east, Mr. and Mrs. Paul Englund motored west, Mrs. Bernard and G. Stady attended a ball game at Battle Lake; Mr. and Mrs. Ayre and family started for Edmonton, but were forced to return owing to tire trouble; Mr. and Mrs. Roy Gibbons went to Pandory; Mr. and Mrs. Groul walked out to Geo. Jefferson's; Mr. Engler motored to Knob Hill.

DUHAMEL

(Intended for last week)
 The concert given on Friday evening last by the choir of the United Church under the leadership of Mrs. Pocock, was very well attended and greatly enjoyed. The program consisted of vocal, violin, and saxophone solos, quintettes, duets, readings, and Harry Lauder, was there in his kit.

During the intermission, the leader was presented with a beautiful bouquet of roses in appreciation of her efforts.

The proceeds of the concert will be used to purchase the New Hymnal got out by the United Church.

PIGEON VALLEY

Mr. Pough has sold his farm and moved to Edmonton. Mr. Baird of Edmonton, has purchased the property of Mr. Pough and has moved his family into our midst. We wish him much luck and offer him a hearty welcome.

A very enjoyable birthday party was held at the home of Mr. and Mrs. H. S. Ness, the occasion being to celebrate the birthdays of Mr. H. S. Ness and little Miss Margaret Kad-

lec. The older folks spent the evening in playing "500," four tables taking part. The young folks spent the evening in seeing which one could make our friend "Yo-Yo" do his stunts to the best advantage. At midnight a sumptuous lunch was served. The hostess presented the guests of honor each with a beautifully decorated birthday cake. In spite of the snow storm everyone left feeling they had spent a most enjoyable evening.

HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION COMMUNICABLE DISEASES

The communicable diseases are named because they have certain characteristics in common, the most outstanding and important being that they are all spread from one person to another.

Communicable diseases are caused by living agents called bacteria, parasites or disease germs. Each disease has its particular germ. The germ of diphtheria never causes any disease except diphtheria, and so it is with others in the group.

The germs are usually passed directly from one person to another. Most of the communicable diseases from which we suffer in this country are spread in this manner. The germs leave the body in the secretions of nose, mouth and throat, in the acts of coughing, expectorating or loud talking, these secretions are thrown out into the surrounding air, into the faces of persons who are nearby and who receive the germs in this way.

It is obvious that we should cough and sneeze only into a handkerchief, and that we should not talk directly into another person's face.

The saliva is, of course, deposited on all eating and drinking utensils which are placed in the mouth, or which come into contact with the lips. If these utensils are used by another person before they have been cleaned, that person takes into his mouth the first individual's saliva, which may contain the germs of disease.

That is why it is unsafe to use common eating or drinking utensils, the common drinking cup constituting a very real danger. It is also why dishes should be thoroughly washed after use and why there are laws requiring the sterilization of dishes in public eating places.

You may agree that such care is reasonable, providing some person in the home is ill and that it appears sensible to be careful outside the home, but you are apt to feel, when everyone in the home is apparently well, that no particular care is necessary; that it is quite all right for everyone to use the common cup at the sink when drinking between meals.

The reason why this is not all right and why you need to take care at all times is first of all, because it is only by remembering to be careful always that you continue to do so when this is necessary. The second reason is that it is not possible to tell which persons have disease germs in their noses and throats. The germ is, of course, present in those suffering from the disease caused by that particular germ, but germs may also be present in persons who have recovered, and, in the case of some diseases, even when the person has not been ill.

The spread of the communicable diseases may, to some extent, be arrested by the control of coughs, sneezes and expectoration, and by the avoidance of common eating and drinking utensils.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

1ST. BATT. NORTH ALBERTA REGIMENT

All ranks are requested to return to stores at once, any clothing or equipment that may be in their possession belonging to the unit.

Phone 138 at any time between the hours of 9 a.m. and 5 p.m. and arrangements will be made to meet you.

This must be treated as urgent as the stores have to be returned to Calgary.

GODFREY BAKER,

Lt. Col. Commanding.

ALBERTA TAKES LEAD

Alberta has the distinction of being the only province in Canada producing registered alfalfa seed, reports the Seed Branch of the Dominion Department of Agriculture. The first successful attempt to grow this seed was made several years ago by the C.P.R. Land Irrigation Company, using the popular Grimm strain on irrigated lands in the Brooks district. Most of the alfalfa produced in this district is now registered, being grown under the rules prescribed by the Canadian Seed Growers Association, including inspection of the growing crop and the cleaned seed by officials of the Dominion Seed Branch. The seed has developed an enviable reputation in other provinces and has found markets abroad, quantities having been exported to both Europe and the United States. About 330,000 pounds of cleaned seed was produced last year, and of

A number of Dayland business men attended a meeting at Stroms on Wednesday night when a resolution was drafted demanding that the C. P. R. local train service from Hardsly to Edmonton be reinstated. This resolution will be sent by wire to the Railway Commission, to the President of the C.P.R. and to W. T. Lucas, M.P. Representatives were present from Bittern Lake, Camrose, Bawlf, Dayland, Stroms and Sedgewick, while other towns not represented at the meeting will be asked to concur in the demand. There is little doubt that sufficient agitation will bring about the desired service—Dayland Press.

Have you heard the story about the widow who ordered a tombstone for her husband with the inscription "Rest in Peace" on the bottom? The order was prepared as desired.

A few days later, the widow found out that her husband hadn't left her anything. She went back to the marble works.

"I don't want 'Rest in Peace' on that stone," she said.

"I'm sorry," said the dealer, "but the inscription is there now and we can't take it off. We might have added more words, though."

"All right, add the words 'THU I come'."

GUTTA PERCHA TIRES

GUM CUSHIONED

The Cords Must Pass the Severest Tests

A tire is no stronger than its weakest cord. For that reason—only the highest grade, long staple cords are used in Gutta Percha Tires. But highest grade cords are not sufficient in themselves—they must have the proper twist to give them strength and the vitality to absorb shock without destroying the "life" of the cords.

Our specifications demand that our laboratory exhaustively test all cord material for twist—even down to the minute strands that comprise the cords. Each cord has major strands and each major strand has minor strands. The correct twist, in both major and minor strands, is a vital factor in prolonging tire life. That is why Gutta Percha Tires are better and last longer than ordinary tires.

"A Tire is only as good as its cords"

Gutta Percha & Rubber, LIMITED

CONSTIPATION

Caused Pains Across Her Stomach

Mrs. K. Lissy, Hannon, Ont., writes:—"I suffered terribly, for years, from constipation and my bowels would not move for two or three days at a time. It was very hard for me to do my work as I would get such terrible pains across my stomach. After trying different medicines I decided to take Milburn's Laxa-Liver Pills, and I got wonderful relief in a very short time."

SPORT

WETASKIWIN BASEBALL CLUB ORGANIZED

The local baseball enthusiasts met in the Elks' hall Friday, April 17th, and after a brief discussion, a club was organized. The officers are as follows:

President, Elton Merner; vice president, Earl Lindskog; committee, R. Alcher, A. Sims, F. Atkinson.

The players are grateful for the interest shown by a number of the business men.

It is quite possible that a league similar to last year will be formed. The management would welcome new talent as well as old.

The diamond has been greatly improved and regular practices have commenced.

CENTRAL ALBERTA SOCCER LEAGUE RE-ORGANIZED

Lacombe, April 27—At a meeting of Central Alberta Football League held in Lacombe, Claude Dale of Red Deer was elected president, and John Spinks of Ponoka, secretary. Alk. have dropped from the arena this year. Wetaskiwin was taken on which town, together with Ponoka, Lacombe and Red Deer, comprises the league this season. Entry fee was dropped from \$10 to \$2. A resolution brought forward by Lacombe that the home team supply the referee was defeated the majority being in favor of the visiting team furnishing the referee.

Following is the schedule as agreed upon:

May 21—Red Deer vs. Lacombe; Ponoka vs. Wetaskiwin.
May 27—Lacombe vs. Red Deer.
May 28—Wetaskiwin vs. Ponoka.
June 2—Red Deer vs. Ponoka.
June 3—Wetaskiwin vs. Lacombe.
June 4—Ponoka vs. Red Deer.
June 6—Ponoka vs. Wetaskiwin.
June 10—Wetaskiwin vs. Red Deer at Ponoka; cup tie meeting at Ponoka.
June 11—Ponoka vs. Lacombe.
June 12—Red Deer vs. Wetaskiwin at Lacombe.
June 16—Lacombe vs. Wetaskiwin.
June 18—Red Deer vs. Ponoka.
June 20—Lacombe vs. Ponoka.
June 23—Ponoka vs. Lacombe.
June 24—Wetaskiwin vs. Red Deer at Ponoka.
June 26—Wetaskiwin vs. Ponoka.
June 27—Lacombe vs. Red Deer.
July 6—Ponoka vs. Wetaskiwin.
July 7—Red Deer vs. Lacombe.
July 9—Ponoka vs. Red Deer.
July 10—Lacombe vs. Wetaskiwin.
July 14—Wetaskiwin vs. Lacombe.
July 16—Red Deer vs. Wetaskiwin at Lacombe.

RED DEER HAS SOME HISTORIC CURLING IRONS

Red Deer, April 23—Some amusing facts came to light at the meeting of Red Deer curlers' held Tuesday night when it was discovered that some historic curling equipment was at the local rink. The Manitoba curling club wrote stating that they had learned from members of the Red Deer rink when passing through Winnipeg this year that some curling irons were in the club rooms here. These irons it is suspected, are some of the ones made by the late Mr. McKeeble in 1875 for the first curling game played in the west; they wanted these for keepsakes.

It developed that one of these irons is used to prop up a heater in the local curling rink and another is kicking around somewhere, the members being in complete ignorance of their value as historic objects.

100 SPORTSMEN ATTEND BANQUET AT RED DEER

Red Deer, April 21—Over a hundred sportsmen from all over central Alberta gathered in the Elks' hall here Friday evening, when the Red Deer Fish and Game association held its first general banquet to commemorate two successful seasons of service and pest extermination. With all the outstanding men of the province in fish and game conservation work present to take part, and with hearty enthusiasm shown by all, the function was a huge success from start to finish.

Harold J. Snell, an enthusiastic worker in the association, was asked to take the chair for the festivities. Harry Ellis, president of the Red Deer society and Mayor Fred Turnbull then welcomed the visitors, who came from Calgary, Camrose, Innisfail, Sylvan Lake, Hardisty and many other points.

Frank Farley, of Camrose, cheerfully recalled old times around Red Deer, this town being his home for

16 years when he first came to the west. He reviewed the game situation of today, as compared with the plenty of past days. And he told many entertaining little stories about the early times to put his audience into good humor.

C. A. Hayden, Calgary, president of the dominion association, gave the address of the evening. He told of the increase and benefit of the fish and game clubs throughout the province. Five years ago there were four, now 49. He detailed the government's work in helping to cope with the duck situation, and outlined the United States' end of the conservation very fittingly.

WEEKLY STOCK MARKET REPORT

The following is a report from the Edmonton Stock Yards for the week ending April 28th:

Receipts: Cattle, 505; calves, 124; hogs, 1464; sheep, 124.

Under continued light receipts trading is keener and salesmen are moving their offerings readily and making a good daily cleanup. Prices so far this week are showing a firm tone as compared to last week; cows especially medium kinds are from 10c to 15c per hundred higher.

But, of the fed calves quoted at \$5.00 to \$6.00. The general run of good to choice butcher steers selling at \$5.00 to \$5.50, mediums \$4.25 to \$4.75 and common to fair at \$3.50 to \$4.00. Good to choice heifers \$4.50 to \$5.00, commons to mediums \$3.25 to \$4.25. The general run of butcher cows selling at \$3.50 to \$3.75, mediums \$3.00 to \$3.25, commons to fair \$2.50 to \$3.00. Canners and cutters \$1.25 to \$2.00; bulls \$1.00 to \$2.00.

Stockers are moving fairly freely at fully steady values. Stocker steers and heifers \$3.50 to \$4.25, stocker cows \$3.00 to \$3.50.

Calves are showing a weaker tone. Good to choice light vealers \$7.00 to \$8.00, mediums \$5.50 to \$6.50, common to fair \$5.00 to \$5.50.

The hog market is weaker. This week, so far, hogs have sold at \$6.75 fed and various loads and \$6.50 for truck hogs, with selects bringing a 50c premium and butchers being discounted at 50c. Note new cuts which came into effect on Monday April 27th: Heavies \$1.50, extra heavies \$2.00, No. 1 sows \$2.00, other sows \$2.50 to \$3.50, roughs \$3.50.

Sheep and lamb receipts are too light to make or establish a market; prices quoted fairly steady. Lambs at \$7.50 to \$8.50, yearlings at \$5.00 to \$6.00 and ewes at \$4.00 to \$5.00.

THE CUTWORM SITUATION

(By E. H. Strickland, Department of Entomology, University of Alberta)

During the past winter many warnings have been issued regarding an impending outbreak of the pale western cutworm in the southern part of the province.

It is probable that the majority of residents in the threatened area are already familiar with the necessary steps to be taken in order to avoid undue losses. The warnings have, however, led to some confusion in the minds of farmers and others who reside in the more northern part of the province, and who suffered losses last year from an entirely different insect—the red backed cutworm.

While we are not in a position to state definitely that there will not be a recurrence of damage by this red backed cutworm in 1931, we are of the opinion that our chances of avoiding one are no worse than is usual. Climatic conditions were very unfavorable to these cutworms during the summer and they suffered a severe mortality before turning into moths. In the neighborhood of Edmonton, at all events, the egg-laying moths were present in about the usual numbers in the fall and it is probable that they therefore, laid only about the usual number of eggs.

Elsewhere, of course, this may not have been the case. Farmers and others are certainly well advised to keep a sharp lookout for these cutworms this spring in order that, should they appear, the outbreak numbers, the proper steps for their destruction may be taken without delay.

It is, therefore, desirable at this time to state, very briefly, the most important steps to be taken in connection with both of these cutworms for it must always be borne in mind that control measures recommended for the one will not always prove to be satisfactory for the other.

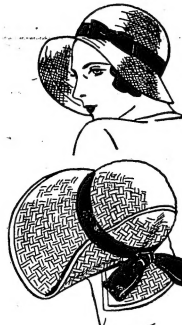

Red backed cutworm. Appearance—Color dark brown, with a brick-red band along the top of the body.

Area in which damage may occur—All of the districts in Alberta, including the Peace River district, in which the land was originally partly, or entirely covered with trees or brush. That is, all of the area to the north of a diagonal line running roughly from Olds to Lloydminster.

Crops most susceptible to attack—All broad-leaved plants such as garden produce, clovers of all kinds, flax and sunflowers. These cutworms do not care for wheat and will begin to crawl out of a wheat field as soon as they are half grown. In the meantime, however, they may have damaged the young seedlings severely. They feed much more freely on oats and barley.

Control—Poisoned bait is a very effective control measure, but it must be applied correctly. In scattering it remember the following habits of

these cutworms. 1. They feed chiefly at nighttime. 2. Very few of them will touch bait after it has dried out. 3. They eat practically nothing in cold windy weather. 4. They are not attracted to bait from any distance, and will find and eat only if they happen to crawl over it.

From this it follows that bait should be as wet as is possible without "balling-up," it should always be scattered in the evening and only when it is fairly warm. A handful of bait should cover as much ground as is possible. Ten pounds of poisoned bran will cover an acre if the majority of the flakes fall to the ground separately. Reseeding will always be better if the soil is moist at the time of application.

If, as frequently occurs, the cutworms are seen to be crawling freely on the surface of the soil and they

are nearly all travelling in one direction, plough a deep furrow across their line of march and scatter the bait along it. This is more effective than broadcasting and is economical in bait.

Failure to obtain a good killing with bait is due, usually, to failure to scatter it at the proper time. If the cutworms are not feeding, or do not find it, before it dries out it is nearly all wasted.

Don't reseed destroyed fields, or seed fields known to be infested, till the cutworms are full-grown and are about one and a half inches long. This, usually, is not before June 20th. In all probability oats will have to be seeded at this late date.

Arrange your summer fallowing program for this year in such a manner that you can have all weed growth destroyed by the end of July.

so that you can keep entirely out of the fields throughout August and September in order to safeguard your 1932 crops.

"Does your wife obey you?" "I'll say she does. Ten years ago when we were married, I told her to run the house just as she pleased. And she does."

TO ADMIT FEWER NORMAL STUDENTS IN COMING TERM

A decisive limitation of normal school students will be effected during the coming term by the department of education. The age limit for women students will be raised and entrance requirements will be more exacting, according to Hon. Perren Baker.

The total enrolment will not exceed 700 students and the allotment for each of the provincial normal schools will be as follows: Calgary, 300; Edmonton, 240, and Camrose, 160 students. Students with grade XII standing will be given first choice and those with grade XI standing and four or more subjects in the senior year next. Women students must be eighteen years or older, instead of seventeen as formerly.

All applications for admission must reach the department at Edmonton before August 15.

By these limitations the province will save approximately \$25,000, the minister of education declared.

Schools throughout the province are being kept open, Hon. Mr. Baker stated and are functioning normally in spite of somewhat severe depression in a few districts. Where necessary the department has made short term loans to the trustees to carry on. He also commended the people of the province for making additional sacrifices to maintain the school system and maintain the standard of education.—Calgary Herald.

RADIUM ORE FIND STIRS NORTHLAND

Edmonton, April 24.—Tons of radium ore are to be transported by airplane to Edmonton from what is described as the world's richest known deposit, on the shores of Great Bear lake.

Erection of a large plant in this city to refine the precious mineral also is in prospect, and already, reports say, a rush to buy real estate at Waterways and McMurray is underway.

It is reported that an aviation company has been given a contract to transport 50 tons of radium ore from the near-Arctic field to this city. It is expected that this will be merely a starter in mineral shipments and steps will be taken at once mine the ore on claims now staked at Echo Bay on Great Bear lake.

EDMONTON POLICEMAN BEATEN UP IN MINIATURE RIOT

Edmonton, April 24.—Police and unemployed on Thursday clashed in their first battle since jobless parades started, and honors went to the unemployed, with Constable James McMurray kicked in the ribs, smashed with a dozen fists, his prisoner taken from him and boosted from man to man for half a block before the miniature riot ended.

The battle occurred in the downtown area when jobless, numbering one thousand, were returning to the Market Square after parading into the government buildings, and when an auto driver tried to "crash" the line.

While Constable McMurray, stacking up against 200 men figuratively took the count, his own fists were flying in an endeavor to hold a prisoner which he had taken into custody for inciting to riot.

MILLET UNITED CHURCH
Services will be held at the following places on May 3rd: Pipestone school, 11:30 a.m.; Hillside school, 3 p.m.; Millet, 7 p.m.; Sunday school at 11 a.m.

Rev. Arthur Murphy, M.A., Vicar.

ST. NORBERT'S R.C. CHURCH
Holy Mass with Communion will be held on May 3rd at 9:45 a.m.
Parish Priest.

ECZEMA ON HANDS Would Itch and Burn Work was a Burden

There is no remedy like B. B. B. for giving relief to all sufferers, no remedy that can do more for those who are driven to distraction with the terrible tortures of eczema.

Mrs. Jas. A. Currie, R. R. No. 3, Drieden, Ont., writes:—"For a number of years I was troubled with a form of eczema on my hands. They would itch and burn so at night I could not rest, and my work was a burden to me. I tried different ointments, but of no avail. At last I was advised to use Burdock Blood Bitters, and after taking three bottles my hands were healed and I have had no return of the eczema since."

MILLET LOCAL NEWS

Cecil Neil left for Gleichen on Monday morning.

Helgho for the robins and meadow larks and the spring flowers.

Mr. Kenny Kerr is home from Turner Valley, where he has been working for the past year.

Mrs. Helen Furlong is confined to her bed with the flu. Her many friends wish her a speedy recovery.

Mr. and Mrs. Richard Scott and family of Edmonton, spent Sunday at the home of Mr. and Mrs. Harry Scott.

A number of people from Millet motored to Pigeon Lake last Sunday and report the roads in fair condition.

Ed. Fletcher, our "Village Blacksmith," is having his home jacked up in preparation for a new foundation.

Mrs. Harry Riggins of Black Diamond, spent a few days last week visiting at the home of her nephew Mr. Stanley Scott.

The seeds for distribution for the School Fair arrived this week and were given out to all children desiring to make a garden.

Marguerite Neil, Alice McManus, Josephine Inglis, Cecil Neil, A. J. Farnet and Clifford McManus, spent Sunday in Edmonton.

The Village Fathers are setting the excellent example of cleaning up the streets, etc. They hope that the citizens will co-operate.

The Boy Scouts have organized a baseball team and are playing a game with the married men next Friday. Let's all go and cheer.

Mr. and Mrs. Grant Wolfe, Mr. and Mrs. Lloyd Wolfe and family, and Mr. and Mrs. John Barth motored to Pigeon Creek Sunday afternoon, returning by way of Sunnyside, where they had tea with Mr. and Mrs. Ira Benham.

Three ladies in the west end of Millet planted native and Assiniboine plum trees this week. They believe plums can be grown in Millet, and the only way to prove they can't is to try growing some. Here is wishing them success.

Mr. and Mrs. E. Boyd of Wetaskiwin, visited their daughter, Mrs. H. A. Lee last week. On Monday they will visit their eldest daughter at Wainwright, Mrs. Lee accompanying them. Robt. Meredith will be the chauffeur.

The many friends of Rev. Arthur Murphy, of St. John's Anglican Church, are very sorry to hear that he is quite ill. Word received by a member of the congregation on Monday, states that he was resting well. He is at his home in Edmonton.

Mrs. A. Finkle of Armstrong, B.C., has disposed of her property there and returned to Millet, where she hopes to reside in future. Mrs. Finkle, with her husband and family, resided for about eighteen years west of Millet, before going to B.C. where she has resided for the past four years.

All roads led to the successful tea and sale of home cooking by the Ladies' Aid at the home of Mrs. S. C. Moen. A delightful social hour was spent over the teas. Sweet music on the gramophone was dispensed by Miss Irene Kent. The next meeting is at the home of Mrs. Chas. Brinker.

Dr. Watson from the office of Drs. Hoare & Watson, dental surgeons of Wetaskiwin, will discontinue the weekly visits to Millet for a few weeks until after seeding operations. Notice in the newspapers will be given of the resumption of the visits.

GOVERNOR GENERAL RECEIVES \$48,666 AS YEARLY SALARY

Ottawa, April 23.—The salary of the governor-general of Canada is \$48,666 per annum and in addition he receives a travelling allowance of \$50,000 per annum, it was stated in the house of commons Wednesday in answer to a question by E. J. Garland (U.F.A., Bow River). Other allowances in addition to salary are \$10,000 for widow's pension and \$10,000 for fuel and light, making a total of \$78,666 in allowances.

Other expenses incidental to the position of governor-general paid by the dominion government total \$50,340.

"Will you always love me?" he murmured, clasping a jewelled bracelet on her wrist.

"I love you for the present," she sighed.

The Times does commercial printing at right prices.

HILLSIDE

A car load of the younger set attended the play and dance put on in the Conjugium Creek hall by the Telford Junior U.F.A. on Friday evening. All report an enjoyable time even though they did have to travel home on the "rim."

Miss Hamilton of Conjugium Creek, a former teacher in Hillside, was the guest of Mrs. Hoakins over the week-end.

A number of our residents are suffering from colds and the flu.

The juniors are seen once a week practicing baseball, and will soon be in shape to meet neighboring teams.

Mr. and Mrs. Geo. Grant have taken up their residence on the farm of Mr. Wm. Dearing.

Miss M. Young of Leduc, was a week-end visitor at the home of her brother, H. G. Young.

BLACK ANGUS CALF WITH TWO HEADS BORN NEAR HANNA

Possessing two almost perfectly developed heads, but with only three ears, a little coal-black Angus heifer calf was born on M. L. Pope's farm, north of Hanna, last Monday. The little stranger, to whom nature was fatally unkind, hardly drew the breath of life. The life of the mother, a three-year-old purebred, was almost despaired of, but is now expected to recover.

The little creature appeared to be perfectly normal, in every respect, except for the fact that it had two heads which branched off at an angle of 75 degrees from a perfect neck. One ear on each head was in correct position, while the third ear projected from the point of divergence.

Much interest has been shown in the freak calf and Mr. Pope is having the carcass shipped to a Calgary taxidermist to be properly mounted.—Hanna Herald.

PETITION INCREASE IN LICENSE CHARGE FOR BUS COMPANIES

Vegreville, April 23.—As a direct outcome of the controversy at the chamber of commerce meeting recently, when the alleged unfair competition that buses-and-trucks offer the railroads came under discussion, the following resolution was passed unanimously when the Vegreville business men met in the chamber Wednesday: "To petition the government to place all trucks and bus utilized in commercial transportation under the rules and regulations governing common carriers. To request the government to increase the license fees of such vehicles to an amount commensurate to the damage they do to public highways."

400 HEAD ALBERTA CATTLE SHIPPED TO OLD COUNTRY

One of the largest shipments of finished beef cattle to leave Alberta for the British market during the past several months was loaded out of Calgary, Thursday. Comprising approximately 400 head of steers from different Burns ranches in the south-east part of the province, the consignment was shipped east over the Canadian Pacific railway and will land at Montreal for Liverpool on the S.S. Salacia on May 2.

The cattle were finished in the Burns feedlots in East Calgary, and average from 1,250 to 1,300 pounds in weight, said P. Burns, in discussing the shipment.

In addition to the twenty carload of Burns cattle for export, the C.P.R. Thursday carried about fifteen cars of beef cattle consigned to Eastern Canadian markets by other local shippers.

LACOMBE PLANNING FOR WRIGLEY SWIM

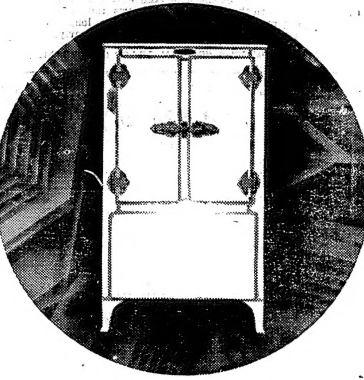

Lacombe, April 23.—Preparations for the big swimming gala to be held at Gull Lake on July 25 are underway here. As this event will be featured by the Wrigley marathon, two large gold and silver cups will be competed for annually. There will be an event for ladies as well as men. Gold, silver and bronze medals will be awarded for a one mile swimming race. There will also be men's 250-yard and ladies' 100-yard races. Outboard motor contests, canoe and boat races will be included in the program.

INNOCULATE CHILDREN IN PROVOST SCHOOLS

Provost, April 24.—Tuesday was a busy day in local schools, when between 120 and 130 children from 58 families were inoculated with a prophylactic serum furnished by the Provincial Department of Health, and intended to furnish immunity against scarlet fever. The operations were performed by local medical men, and the written consent of the parents in each case had been previously obtained.

FRIGIDAIRE

Advanced Refrigeration

SUPERIOR BEAUTY*
FINER PERFORMANCE*
BACKED BY A

3 YEAR GUARANTEE

In gleaming white Porcelain-on-steel, the new Frigidaire represents a fine achievement in Advanced Refrigeration. Its surplus-powered, yet quiet and completely concealed mechanical unit—the famous Hydrator—the Cold Control—the Quickube Ice Tray—are but a few of the features that make Frigidaire the outstanding quality refrigerator. The Frigidaire guarantee is complete. It covers the cabinet, the mechanical unit—everything. It is a guarantee of superior refrigerator performance. We invite you to see the new Frigidaire. And, if you are interested in buying on a deferred payment basis, there is no need to accept a lesser value than Frigidaire, for terms will be arranged to suit your convenience.

JOS. N. SCHREIFELS
WETASKIWIN, Alberta

FRIGIDAIRE

On the neck of each bottle of Seagram's 3 Star Canadian Rye Whisky there is a Government label bearing the year in which this whisky was stored and proving that it is 5 years old.

This advertisement is not inserted by the Alberta Liquor Control Board or by the Government of the Province of Alberta.

THE CENTENNIAL OF

THE REAPER, 1831-1931

The story of the invention of the reaper that historic event whose centenary is being celebrated this year around the world—is very simple and yet very thrilling. Cyrus Hall McCormick was hardly more than a boy—just twenty-two. The wheat on his father's farm, in a quiet back-country neighborhood of Virginia, was fast ripening in that summer century ago when he began his great task. Within about six weeks, before the harvest season was over, he had done what no other man had been able to do through all the ages—he had given to the world its first successful grain-cutting machine.

BORN

MARTIN—In the Wetaskiwin hospital on the 29th inst., to Mr. and Mrs. R. H. Martin of Millet, a daughter.

A bleary eyed man entered a savings bank and hurried to the teller's window. "Lemme have two cases right away," he said, pushing two \$50 bills through the grating. "What do you mean? Two cases of what?" replied the teller. "Hanged if I know what name you give it but I saw a sign outside that said 'four per cent,' and I'll drink whatever it is."

WOMEN THE WHOLE WORLD ENVIES

They wear the latest clothes with such stunning effects. For every woman within this charmed circle there are thousands dieting to achieve such a figure. Some succeed. But too many pay the penalty. Weight may be lost but years of age are often added. The skin becomes sallow. The eyes tired. Energy is lost.

The diet that produces such unhappy results frequently lacks roughage. Kellogg's ALL-BRAN is a reducing diet which you keep fit. ALL-BRAN does not add fat to the body. But its abundant bulk relieves and prevents internal congestion safely, and it contains iron to color cheeks and help prevent dietary anemia. Made by Kellogg in London, Ont.

W.C.T.U. ESSAY CONTEST

The following essay was awarded first prize by the judges from those received from Grade VIII students:

WHY HIGHWAYS SHOULD BE DRYWAYS

(By Fred Hodson)

Those using the highways, either as pedestrians or as drivers of vehicles, should know that even a small amount of alcohol will render them less alert, less capable of quick action in emergencies, and thus they become a detriment to the public.

Anyone walking along the busy streets of our cities, needs to watch their step at every crossing. When the brain is not dulled by alcohol it is possible to see clearly; to even perceive without absolutely seeing, when the vehicular traffic is too close and congested for safe crossing. A very small amount of alcohol hinders that clear vision and keen perception.

A man driving a horse-drawn vehicle along the highway, takes a drink before starting on his journey. The team jogs along, the man gets sleepy and is probably nodding when a car or truck approaches making an unusual noise, which frightens the horses and before the driver has time to collect his wits and regain control of the team, there is likely to be a very serious accident.

An automobile is a high powered machine, thousands of people are driving them on our highways every day. With capable, steady drivers they are a great help in business, and provide pleasure and convenience in family life, but if the drivers are other habitual drinkers or only take an occasional small drink, the car becomes a menace to themselves, their passengers, and the rest of the driving public, because alcohol dulls the brain and a person cannot think or act as quickly in an emergency. The muscles are also affected by alcohol and become less steady and responsive to the brain just when strength and quick action means safety and are most needed.

Then we have many railway crossings to contend with. Many times the highway crosses the railway. Traffic is heavy, and no one can be sure when a train is coming. Sometimes the view is partly obstructed by trees, even the noise of the coming train is lessened by the same trees. Then, anyone driving a car or truck on the highway must be alert. If the person is under the slightest influence of alcohol he may run too close to the railway before he sees or hears the train, then he is sure to lose control of himself and his machine. A more or less serious accident is the result, which, there is no doubt, could have been avoided by one whose efficiency had not been lowered by alcohol.

IN MEMORIAM

In loving memory of Mrs. A. Johnson, who passed away on March 29th, 1930, and Oscar Johnson, who passed away on September 1st, 1930. "Do not ask us if we miss them. They have only gone to rest. They are gone but not forgotten. God took them home, for He knew best. They never murmured in their suffering. No one knows what they went through. We will meet them with the angels. If we are always kind and true. Ever remembered by their loving family.

Inserted by Mrs. Ed. Nelson, Salt Lake.

CARD OF THANKS

We wish to take this opportunity of expressing our sincerest and most heartfelt thanks and appreciation to all our friends who did so much to show their deep sympathy in our great loss when our dearly beloved mother passed away. We also wish to thank the congregations of Malmö and Wetaskiwin Lutheran Churches, the Ladies' Aid and Y.P. Society of Malmö, and other friends for their beautiful floral contributions. Peace rest over Mothers' memory. The Björkgren Family.

THINK THIS OVER!

Mr. H. G. Moody, editor of the Redding (Calif.) Searchlight, says: "That business men and citizens generally should not fail to realize that newspapers are in the public service; that they are not parasites living for their own profits and that the community needs for a newspaper are such that, should there be no newspapers as a private enterprise, then the public must for its own good tax itself to provide them."

Too often we find business men regarding their home newspaper patronizingly as an institution that lives off their largeness; something that they are privileged to forget if the times are dull and may recall to mind in those richer days when profits are large.

The newspaper is a function, a concordant, reciprocating service in the community it lives in, an integral factor in everything it helps to motivate, hence is as worthy of its hire as the judge in his docket, the sheriff or the tax collector. In fact, as an institution, the newspaper is far more embracing than any or all; it is the completed expression of the daily round of life, without which we would have to return to the chaos of dis-organized society.

Such facts are recognized by advanced persons but sometimes ignored by the ignorant or the indifferent. They aim to keep the newspaper "in its place" by withholding a just tribute. They have their own inferiorly complex to deal with and their

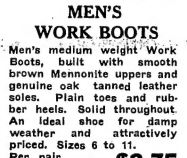

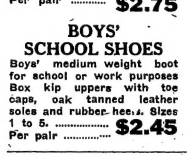

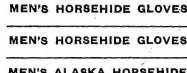

only object is a kind of self satisfaction that comes from retarding the wheels of progress.

These opponents of printed enlightenment usually demonstrate a very thing that makes a newspaper. While they are keeping the newspaper in its place they are keeping themselves there also. Their backwardness will be indicated by their tenacious clinging to outworn practices, outmoded establishments, slow conceptions of competitive requirements.

Let the community that wishes to step ahead make its newspapers the staunchly supported banner carriers of its forward movement. The newspaper gladly undertakes the challenge to leadership and invariably will push onward against every obstacle. The only time the newspaper weakens is when those it serves are weak.

Declaring the actions of the accused had been most despicable, Magistrate George B. McLeod in Edmonton police court Wednesday, sent Emil Miller to jail for three months and John Fermaniski for two months in the first prosecutions under city relief department frauds discoveries.

Special Sale Offer--May 1 to 15
